DISCONTINUED

Our new catalog schedule makes getting it four times a year ...a good thing!

Welcome to Liquid Blue's new catalog format. We're mixing things up a little to bring you more good stuff, more often. Expect to see new releases of the fresh ideas, innovative dye formats, and award-winning printing you've come to expect from Liquid Blue, now on a quarterly basis.

While our designers, dyers, and printers have been busy crafting our latest "wears", we've also been working on ways to keep you updated more frequently. We'll do our best to keep you in the loop using our new quarterly catalog schedule and our websites, www.liquidblue.com and www.gratefulgreetings.com.

We want you to feel that you're part of the growing Liquid Blue family. To that end we're trying new ways to keep the lines open, and the goods coming your way. We hope that you find this new format easy to use, and the quarterly schedule a source of fresh designs and proven performers that your customers will come running for.

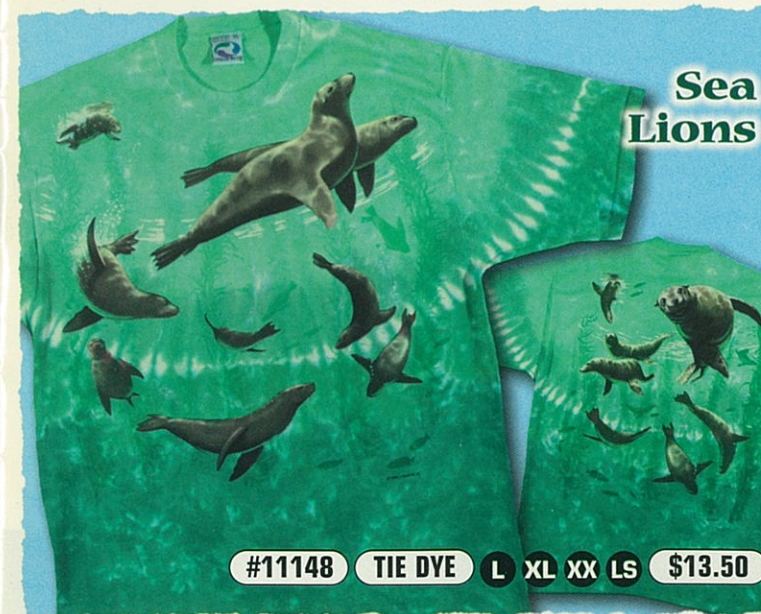

We've got some talented folks under our roof. Consequently, there's always something new on the drawing board. So stay in touch, ask about the latest releases, and let us know what you're looking for if you don't see it here. Chances are good that we're already noodling the same idea.

We value your feedback. Enjoy!

While our oceans comprise the most expansive ecosystems on our planet, they also represent our most fragile of natural treasures. Daily the future of these frail resources is compromised by man's encroachment.

In these designs we've attempted to capture the unspoiled balance of creatures and colors, and the timeless beauty of the oceans.

Liquid Blue supports the efforts of those groups working to protect our precious marine environs and their inhabitants.
